Fleet Engineers Appoints Montgomery Vice President of Sales and Marketing

Fleet Engineers, Inc., a leading US manufacturer of value-added solutions for commercial vehicles, is pleased to announce that Bob Montgomery has joined the company as Vice President of Sales and Marketing.

Montgomery brings twenty years of Trucking Industry leadership experience in product management, strategic marketing, and general management. He has brought to market dozens of new products and feature enhancements in asset management, tire pressure management, and aerodynamics. Most recently, Montgomery led the Innovative Tire & Mileage Solutions business unit at STEMCO, LP as Vice President General Manager.

"Fleet Engineers is excited to have Bob join our team. He will play a key role in shaping and executing our plans to expand market presence."

Wes Eklund
CEO, Fleet Engineers

About Fleet Engineers

Fleet Engineers has served the commercial vehicle industry with value added solutions for over 50 years. The company has maintained a strategic focus on developing products that improve fuel efficiency, with new products designed and manufactured to be aerodynamic and lighter weight, including AeroFlap® aerodynamic mudflaps, AeroSaver® trailer side skirts, and PolyTrak® polyethylene roll up doors.

Fleet Engineers is committed to sustainability, producing products made from recycled materials, as well as producing products that are recyclable, whenever possible.
