EFFECTIVE FEBRUARY 2022

PRODUCT CHANGE NOTICE – AEROFLAP® MUD FLAPS

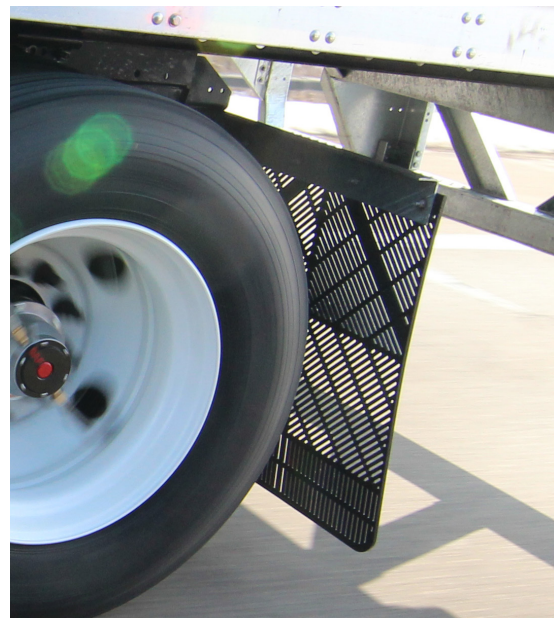

The Engineers at Tramec Sloan have redesigned the bottom of our longer **AEROFLAP MUD FLAPS** to feature angled slats rather than vertical slats. Details shown in Figure 1.

This design change affects **AEROFLAP MUD FLAPS** with vertical slats at the lower extremity, and applies specifically to those vertical slats. See part numbers listed below.

Part No.	Description
033-08002	AeroFlap AF-24, Straight, 24x30, Black, Single
033-08004	AeroFlap AF-24, Straight, 24x36, Black, Single
033-08003	AeroFlap AF-24, Shortie, 24x30, Black, Single
033-08005	AeroFlap AF-24, Shortie, 24x36, Black, Single
033-08072	AeroFlap AF-24, Straight, 24x30, Black, Packaged Set

In February, we will begin manufacturing our new design and phase out the old. Some orders may ship with both designs for a short period of time.

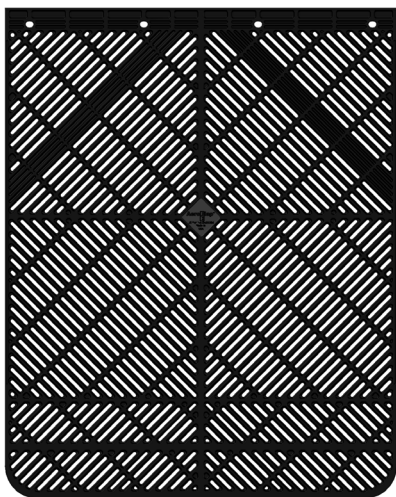

Our Fleet Engineers Division remains committed to providing value-added products, services and solutions. Please contact your sales rep or customer service with any questions or concerns.

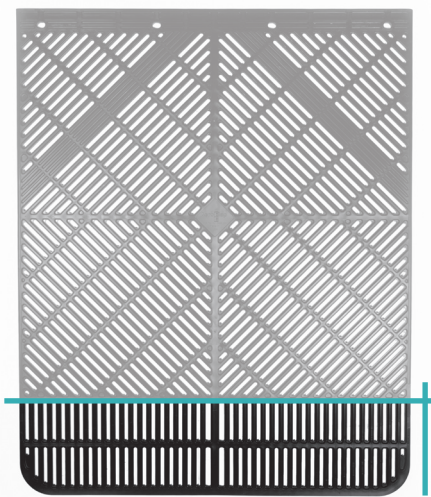

Designed for fuel-efficiency and safety, the AeroFlap's innovative design breaks up the trailing air vortex to reduce vehicle drag and reduce spray (old style shown).
