GROWING OUR HISTORY

Tramec Sloan's history is rooted in the entrepreneurial spirit of Americans who believed that manufacturing quality products with great service provides an exceptional value to the industry.

The story began in 1981 with Sergio Campanini founding Tramec Corp in Iola, Kansas. Sergio created the famous 31402 hose end repair kit which was further developed into a full line of hose assemblies. Over the years, Tramec grew through product innovation and a series of acquisitions that have merged rich company histories.

Today, **Tramec Sloan** is an operating unit of Tramec Holdings, focusing on the Heavy Duty Commercial Vehicle Industry as a leading manufacturer and supplier of a diverse range of highly engineered truck and trailer components.

OUR GROWTH:

May 2013

Tramec, LLC acquired **Sloan Transportation Products** in Holland, MI to form Tramec Sloan

November 2013

Tramec Sloan acquired **Crawford Machine Inc** (CMI) in Galion, OH

January 2016

Fleet Engineers acquired **Save-A-Load, Inc.** in Charlotte, NC

June 2018

Tramec Sloan acquired **Fleet Engineers** in Muskegon, MI

December 2021

Tramec Sloan acquired **Penz Products, Inc.** in Mishawaka, IN

SLOAN TRANSPORTATION PRODUCTS

In 1977 Sloan Transportation Products was formed as a division of the Sloan Valve Company. Sloan Transportation became known as a strong aftermarket provider of OE quality air brake and electrical components for the heavy-duty tractor and trailer markets.

Looking to expand product lines, leadership and facilities, Tramec, LLC acquired Sloan Transportation Products in May 2013 to form **Tramec Sloan**. This Holland, Michigan location now serves as the company's main office and PDC.

CRAWFORD MACHINE, INC. (CMI)

Founded in 2001 by the Hessey family, CMI got started by producing hose assemblies and bulkhead fittings. They quickly expanded their capabilities and product line, manufacturing over 40 styles of brass fittings.

In November 2013, CMI was acquired by **Tramec Sloan** to bring brass manufacturing expertise to our product lineup. Located in Galion, Ohio, this facility processes over 9 million lbs of brass each year and we continue to invest in new technologies.

SAVE-A-LOAD, INC.

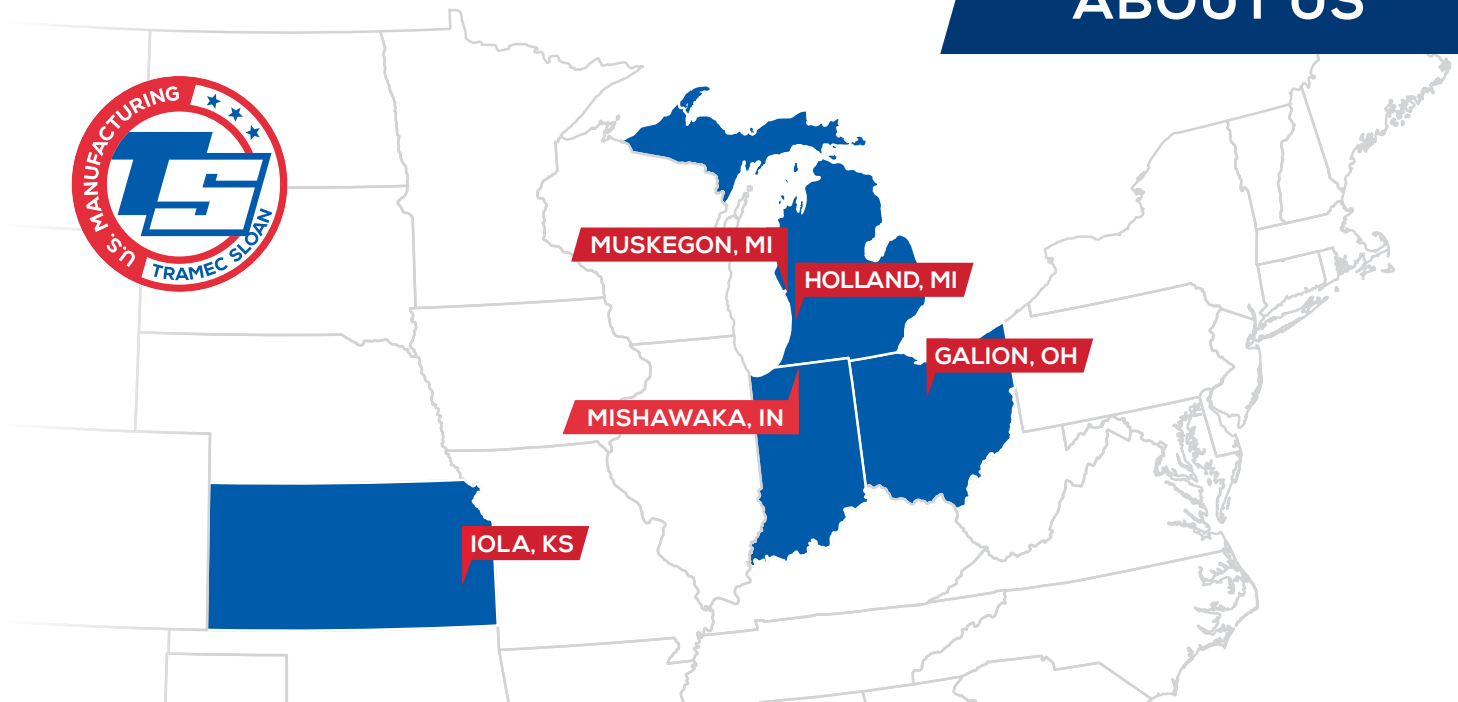

A leading manufacturer of the only hydraulic cargo bars for the trucking and transportation industries started in 1994 as a solution to cargo bars

**TRAMEC
SLOAN®**

TRAMEC

that fall while in transit. In 2016, Fleet Engineers, Inc purchased the Charlotte, North Carolina-based company and moved headquarters to Muskegon, Michigan. Save-A-Load® cargo bars become an integral offering of Fleet Engineers, Inc Cargo Management product line.

FLEET ENGINEERS, INC.

What began in a garage by Louis E. Eklund, Jr. as a start-up in 1963 has grown into a company built on a solid reputation for producing high quality truck & trailer products.

In 2018, Fleet Engineers was acquired by **Tramec Sloan** and continues to design and manufacture value-added product solutions for Spray Control, Door Systems, Cargo Control, and more. The Muskegon, Michigan campus of four buildings totals over 177,000 square feet of manufacturing and warehouse space.

PENZ PRODUCTS, INC.

Founded in 1956 as a small tool and die shop has grown to be a leader in the truck & trailer and container & chassis industries. Founder Wally Penzenik understood the importance of using quality materials and experienced workers to manufacture products at competitive prices.

At the end of 2021, Penz Products joined **Tramec Sloan** and continues operations in Mishawaka, Indiana.

OTHER TRAMEC HOLDINGS COMPANIES:

Tramec Hill Fastener
U.S. made, high quality cold-formed fasteners

Dash Control Valves

Air Brake Valves

Air Accessory Valves

Control Boxes

Air Cylinders

For more than 40 years, air brake products have been at Tramec Sloan's core. We manufacture the vast majority of this product line right here in the United States.

Tramec Sloan offers the industry's largest selection of gladhands and utilizes over **30 million feet of rubber hose** each year to produce our air brake hoses. Plus, many of our air products are designed to stand up to corrosion which help keep trucks on the road longer.

As a trusted industry leader, you can find our air products on **nearly every trailer** in the U.S.!

ELECTRICAL PRODUCTS

Sonogrip® ABS & Standard Cables

7-Way ABS Cables

Fasteners

Our 144,000 square ft. plant in Galion, Ohio is home to more than 50 machines for forging and machining brass fittings as well as quality control & testing labs.

We're constantly investing in industry leading technology to continuously improve our capabilities and expand product selection.

We convert more than **9 million pounds** of brass each year for our extruded & forged fittings. Manufacturing our own fittings allows us to provide high quality and exceptional fill rates for our customers.

The Fleet Engineers Division of Tramec Sloan excels in all things Spray Control. We do more than keep the water and dirt off your load or truck. From light to heavy-duty applications, the Fleet Engineers Division's Spray Control products are designed to deliver fuel savings and road safety benefits. Our complete line of metal and poly fenders, mounting hardware, mudflaps, and accessories are your single source for spray control solutions.

We design and manufacture the majority of our spray control line in the USA at our Fleet Engineers Division in Michigan, so you can have confidence knowing they're made with quality & durability in mind.

From under the hood
to the back of the trailer...
We've got you covered!

Over the years, Tramec Sloan
has expanded our product offering
outside of our core areas as our
customer needs have grown.

Whether an OEM is looking for us to
manufacture a brass fuel cap for their
production or a distributor needs a
made-in-the-USA water pump, we have
you covered. Our commitment to deliver
high quality at a great value is never
compromised, ever.

TRANSPORTATION-GRADE WOOD ROLL-UP DOORS

From start to finish, the high standards of our PrecisionTrak Wood Roll-Up Doors are what set them apart from the competition.

Our Economical **PrecisionTrak Doors** are available in two versions: Recessed Hinge with 1" Rollers OR Flush Hinge with 2" Rollers. **Let's Compare!**

BOTH DOOR STYLES OFFER:

- 3/4", 7-Ply Transportation-Grade, Hardwood Faced Plywood
- White primed, ready-to-paint or Pre-Painted White with a Durable Clear UV Finish
- Routed Interlocking Tongue & Groove Panels Providing Precise Alignment and Moisture Barrier

PrecisionTrak

RECESSED MOUNT 1"

INSTALLED COMPONENTS:

- **Galvanized Hinges** are Recessed, Reducing Freight Hang-Up
- Galvanized **Lift Handle** & 18" **Pull Strap**
- Galvanized **Bottom Seal Retainer** with 2-Point Contact Rubber **Bottom Seal**

BOXED COMPONENTS:

- Zinc-Plated Spring Assisted Steel **Lock & Keeper** Eliminates Door Bounce
- Corrosion Resistant Stainless Steel, 7 x 19 Cables with 1/4" Nylon Eye
- Galvanized **Cable Anchor Bracket** Allows Proper Cable Rotation
- Steel **Rollers** for Use with 1" Track
- Aluminum **Head Seal Retainer** with Removable Rubber **Seal**
- All Associated Hardware

PrecisionTrak

FLUSH MOUNT 2"

INSTALLED COMPONENTS:

- **E-Coat Hinges** Including End Hinges with a Removable Cover for Easy Roller Replacement
- E-Coat **Lift Handle** & 18" **Pull Strap**
- Aluminum **Bottom Seal Retainer** with Flexible 3-Point PVC **Seal**

BOXED COMPONENTS:

- E-Coat Spring Assisted Steel **Lock & Keeper** Eliminates Door Bounce
- Corrosion Resistant Stainless Steel, 7 x 19 Cables with 5/16" Aluminum Eye
- E-Coat Heavy Duty **Cable Anchor Bracket** Allows Proper Cable Rotation
- Nylon **Rollers** for Use with 2" Track
- Aluminum **Head Seal Retainer** with Removable Rubber **Seal**
- Latch Plate
- Top Fixture Brackets
- Rubber Door Stop Set
- All Associated Hardware

ROLL-UP DOOR HARDWARE RETAIL PACKS

ALL the required components for replacing one row of panel hardware on a trailer roll-up door – one convenient package designed to look great in a retail store.

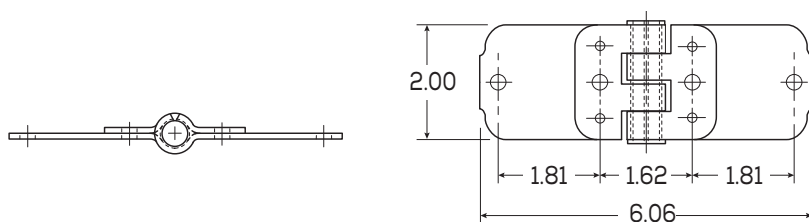

- Quick and easy way to stock and sell multiple pieces
- Lower cost per item than buying each piece individually
- Each set consists of 2 door rollers, 2 end hinges, 2 center hinges, plus all nuts, washers and bolts

P/N	DESCRIPTION	FINISH
025-60006	1" Recessed Door Replacement Hardware	Galvanized
025-60008	2" Flush Mount Door Replacement Hardware	Black E-Coat

END HINGE FOR 1" ROLLER DOOR

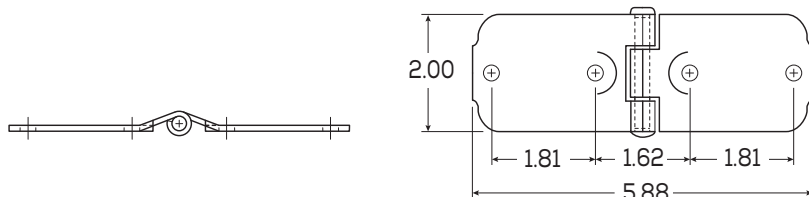

- "Four-knuckled" hinges promote smooth door operation

P/N	FINISH	CROSS REFERENCE
025-10001	Galvanized	T #69035, T #59123, W #4007, Hinge-1000
025E10001	Black E-Coat	T #69035, T #59123, W #4007

CENTER HINGE FOR 1" ROLLER DOOR

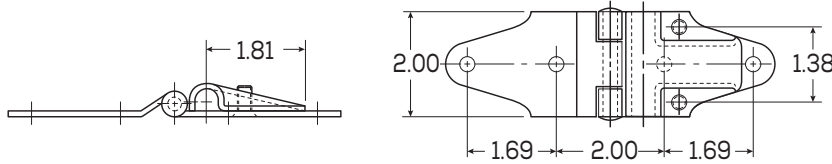

- Steel construction

P/N	FINISH	CROSS REFERENCE
025-10050	Galvanized	T #61196, T #59126, W #4012, Hinge-1007
025E10050	Black E-Coat	-

END HINGE FOR FLUSH MOUNT 2" ROLLER DOOR

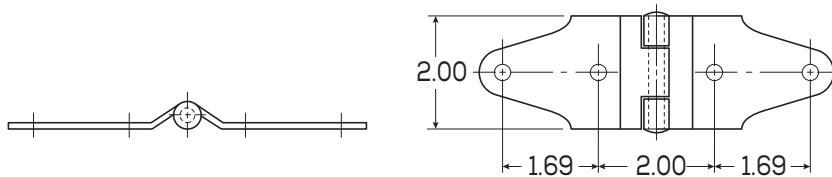

- Removable cover allows roller change without hinge removal
- 025e10005 hinge includes removable pin to make it easier to assemble two halves of a door or to replace a panel

P/N	DESCRIPTION	FINISH	CROSS REFERENCE

2" SEALED ROLLER

MAXIMUM STRENGTH STEEL LOCK ASSEMBLY – FOR RECESSED 1" ROLLER DOORS

- Superior strength, heavy-duty cast grade 30 steel (far more superior than ductile iron).
- Pins are mechanically fastened in place for optimum strength—no welds to fail or plating to burn off and rust
- Extra thick padlock provision designed for greater security
- Trapped handle cannot pull out to bypass keeper resulting in tamper-proof lock
- Spring assisted lock eliminates door bounce
- Stainless steel spring will not rust
- Can be used as a lift handle in open position
- Keeper accommodates padlocks and trailer seals

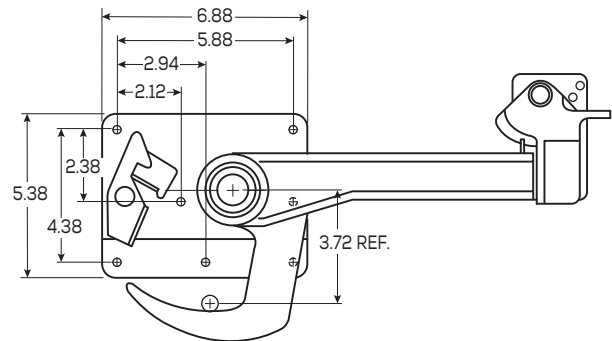

P/N	DESCRIPTION	FINISH	CROSS REFERENCE

SINGLE SPRING OPERATOR ASSEMBLIES

- Single counterbalanced spring design available in 36", 48" and 60" spring lengths
- Quick and easy counterbalance spring adjustment with easy calibration to door size and weight for effortless operation
- Includes: spring, cable drums, bearing, bracket, plugs and shaft

SPRING ASSEMBLY

- Springs treated with rust preventative
- Heavy .24 diameter spring wire
- 1.75" inner diameter
- Wire sized & wound for proper tension and long life
- Includes bolt plug & winging plug wound onto spring for stronger design

WINDING PLUG

- Provides easy method to adjust spring tension

SHAFT

- Plain finish constructed of 1" outer diameter heavy duty steel tubing

CABLE DRUMS

- Heavy-duty cast aluminum
- Grooved to prevent cables from binding or wearing prematurely
- Angle of cable slot determines left or right drum
- Hold up to 130" of cable

BEARING & BRACKET

- 1" bearing with operator bracket flange
- Factory installation assures proper bearing alignment

PREVENTATIVE MAINTENANCE & OPERATION TIPS FOR ROLL-UP DOORS

Roll-Up Doors are constantly exposed to wear and tear, making regular preventive maintenance important for decreasing expensive downtime and reducing repair expenses over the long haul.

BENEFITS OF ROLL-UP DOOR PREVENTATIVE MAINTENANCE:

- ✓ Helps Prevent Corrosion and Premature Misalignment
- ✓ Maximizes Useful Life of the Door
- ✓ Decreases Need for Repairs and Part Replacements
- ✓ Reduces Chance of Cargo Theft
- ✓ Reduces Unnecessary Safety Risks

MAINTENANCE & OPERATION TIPS

Below are some practical tips to prolong the life of your door systems & avoid unwanted repair costs:

1. **Clean Regularly** - A clean door helps prevent corrosion and keeps debris from getting in the track so components continue to operate properly.
2. **Avoid Excessive Force** when opening/closing - When a roll-up door does not open/close correctly, a problem may be present and excessive force could cause more damage.
3. **Lubricate Rollers** - Use a high-quality lubricant to keep the rollers running smoothly along the tracks. Take care to avoid using too much lubricant, which could lead to dust & debris building up, causing the rollers to stick.
4. **Safe Operation** - Do not drive with your roll-up door in the UP position. Be sure the door is in the down position and the latch is secured before driving. Failure to do so could cause damage to the panels due to the weight of the door in the UP position. Hinges and rollers are easily damaged from stop/go motion if the door is left up.
5. **Always Secure Your Load** - Loose cargo can move around and cause severe damage to panels, hinges, roller and other door components. We recommend Save-A-Load Cargo Bars for premium load securement.

To ensure you are maintaining your roll-up door correctly, we recommend the following maintenance schedule:

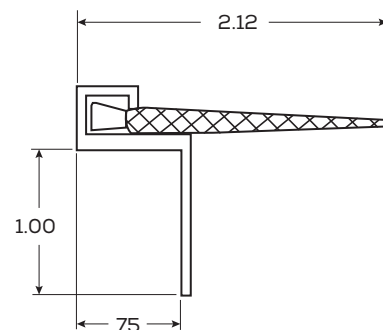

MAINTENANCE TYPE	FREQUENCY
Cable Replacement	Every 5 Years
Greasing of Rollers & Hinges	Monthly
Lubrication of Guides, Tracks, and Operator	Monthly
Inspection of Cables/Adjusting Tension	Monthly <u>OR</u> When Door is Not Operating Properly
Inspection of Latches & Locking Mechanism	Monthly

ROLL-UP DOOR SEALS & RETAINERS

Designed to keep dust, dirt and the elements away from your cargo, we have a full line of Top (Head), Bottom and Side Seals.

STANDARD HEAD SEAL & RETAINER

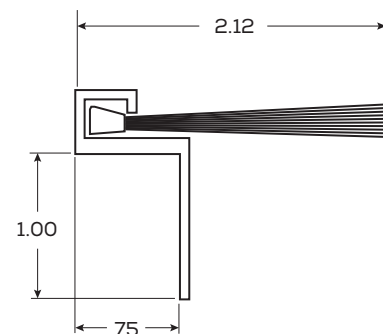

- Retainer extrusion is constructed of high quality aluminum
- Seal molded from long lasting rubber
- Renders easy replacement of top seal without damaging extrusion
- Seal protects cargo area from dirt and moisture
- Panel mounted seal reduces wear and lasts longer

P/N	DESCRIPTION	LENGTH	CROSS REFERENCE
026-40204	Head Seal Assembly	96"	T #70001, W #4032
026-40202	Head Seal Retainer Extrusion ONLY	96"	T #69790, SEALTP-4050
026-40200	Head Seal ONLY	96"	T #69718, 630300

BRUSH HEAD SEAL & RETAINER

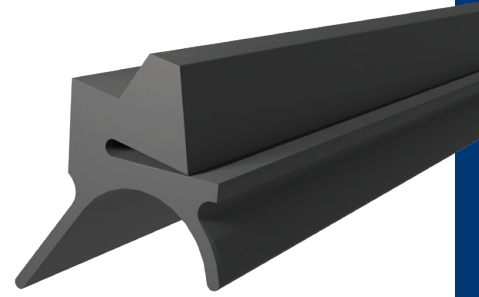

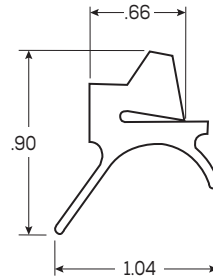

- Nylon brush seals out dust better than rubber or vinyl
- Lasts longer and wears better because brush seal will not crack or dry out
- Top panel mounted for easy installation
- Retainer extrusion is constructed of high quality aluminum

P/N	DESCRIPTION	LENGTH	CROSS REFERENCE
026-40208	Brush Head Seal Assembly	96"	-
026-40202	Head Seal Retainer Extrusion ONLY	96"	T #69790, 500000

STANDARD BOTTOM SEAL FOR RECESSED 1" ROLLER DOOR

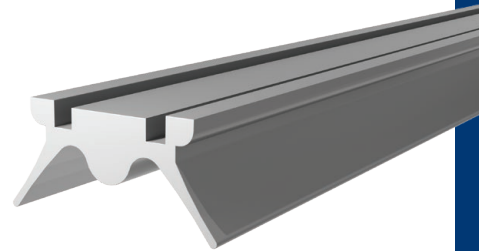

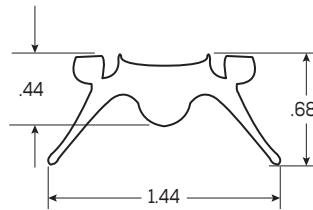

- Extruded from long lasting rubber
- Prevents dirt and moisture from entering cargo bay

P/N	DESCRIPTION	LENGTH	CROSS REFERENCE
026-40001	Bottom Seal for 1" Roller Door	98"	T #80840, W #3257, 610200

BOTTOM SEAL FOR FLUSH MOUNT 2" ROLLER DOOR

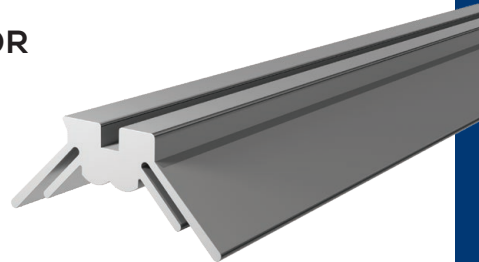

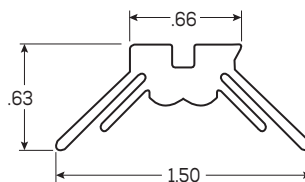

- Flexible PVC material

P/N	DESCRIPTION	LENGTH	CROSS REFERENCE
026-40027	Bottom Seal for 2" Roller Door	98"	W #1676

OFFSET BOTTOM SEAL FOR FLUSH MOUNT 2" ROLLER DOOR

- Co-extruded using rigid PVC backing with flexible PVC seal
- To be used with offset u-channel retainer

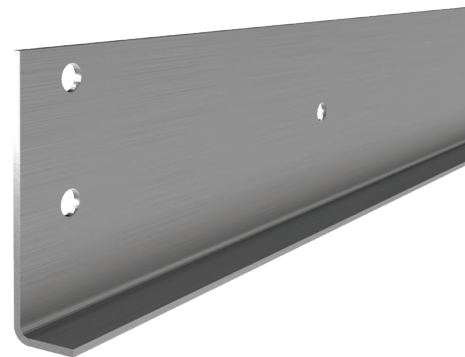

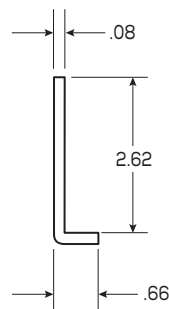

P/N	DESCRIPTION	LENGTH	CROSS REFERENCE
026-40045	Offset Bottom Seal for 2" Roller Door	98"	-

ROLL-UP DOOR SEALS & RETAINERS

BOTTOM SEAL RETAINER FOR 1" ROLLER DOOR

- Galvanized steel construction for extra strength and corrosion resistance
- Fits both standard and heavy-duty bottom seals
- Pre-punched holes for added convenience

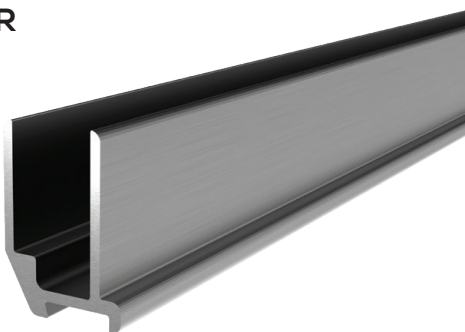

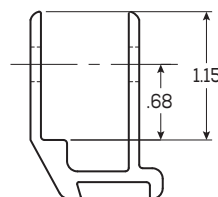

P/N	LENGTH	CROSS REFERENCE
026-40018	84"	T#61191, W #4034, BTMANG-1000
026-40019	90"	T#61191, W #4034, BTMANG-1000
026-40007	96"	T#61191, W #4034, BTMANG-1000

OFFSET SEAL RETAINER FOR FLUSH MOUNT 2" ROLLER DOOR

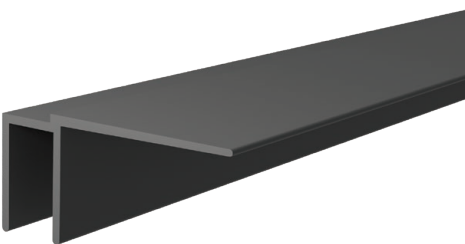

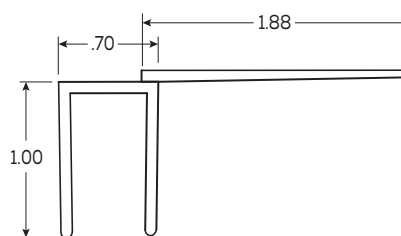

- Aluminum extrusion construction
- Retainer is offset to allow header clearance with seal when door is in open position

P/N	LENGTH	CROSS REFERENCE
026-40050	98"	-

HEAD SEAL & RETAINER FOR TOUGHTRAK®

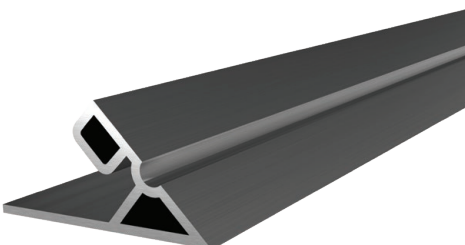

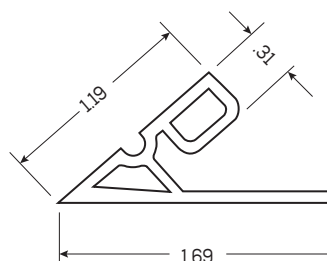

- Seal Molded from Long Lasting rubber
- Renders Easy Replacement of Top Seal
- Seal Protects Cargo Area from Dirt and Moisture
- Panel Mounted Seal Reduces Wear and Lasts Longer

P/N	LENGTH	CROSS REFERENCE
026-40300	98"	-

STANDARD SIDE SEAL FOR RECESSED 1" ROLLER DOOR

- Extruded from Long Lasting Rubber
- Seal Protects Cargo Area from Dirt and Moisture
- Used with Standard J Channel Vertical Angle with 1.00" Track

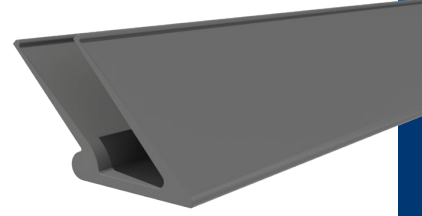

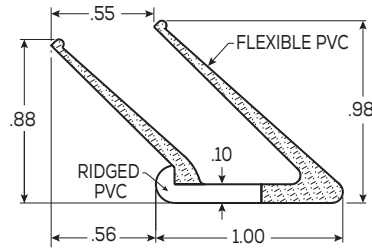

P/N	LENGTH	CROSS REFERENCE
026-40410	116"	T #69840, W #4019, SEALSD-2034

REEFER SIDE SEAL

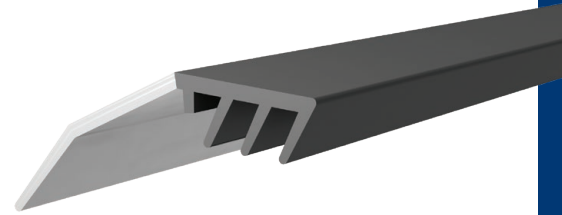

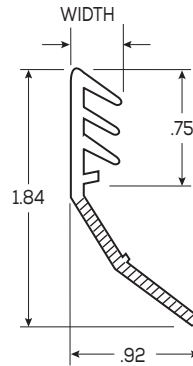

- Co-Extruded Using PVC Backing with Flexible PVC Seal Against the Door

P/N	LENGTH	CROSS REFERENCE
026-40402	98"	W # 7470

DUAL DUROMETER SIDE SEAL

- Allows for easy door operation
- Seal protects cargo area from dirt and moisture
- Will not bunch up as bottom panel goes around top curve
- Co-extruded using rigid pvc backing with flexible PVC seal against the door
- For use with right angle vertical track
- Fits only right angle vertical track assembly

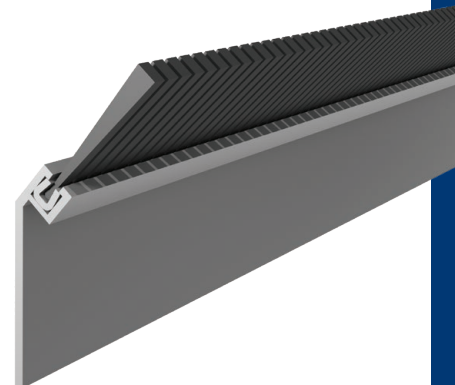

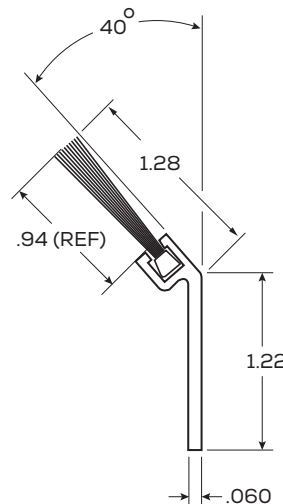

P/N	LENGTH	WIDTH	CROSS REFERENCE
026-40400	116"	.34"	W #1801

BRUSH SIDE SEAL & RETAINER

- Nylon brush seals out dust and moisture better than rubber
- Lasts longer and wears better because brush seal will not crack or warp like rubber
- Mounts outside of door against frame post for easy installation
- Retainer extrusion is constructed of high quality aluminum

P/N	LENGTH	CROSS REFERENCE
026-40702	116"	-

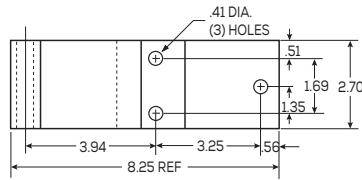

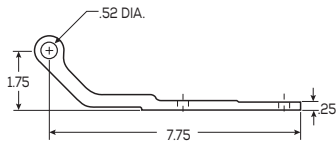

SWING DOOR SOLUTIONS

WITH OVER 1,000 HIGH QUALITY COMPONENTS FROM HINGES TO LOCK RODS TO HOLD-BACKS, OUR SWING DOOR PRODUCT OFFERING IS ONE OF THE LARGEST IN THE INDUSTRY.

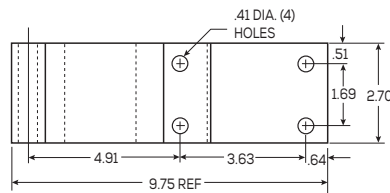

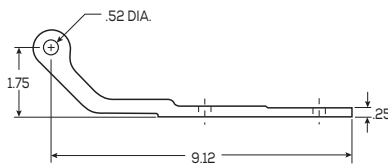

You can be confident that each high quality, durable component is engineered to last. Fully assembled swing doors are available with your vendor-supplied blanks.

021-00312	Lock Rod Hardware Set: 2 Keepers, 2 Cams, 4 Half Bearing Guide Plates, 2 Half Bearing Rod Guides, 2 Guide Plates, Rod Guide, Handle, Handle Mount, Seal Plate, Seal Pin, Rivet	Hot-Dip Galvanized	MN-DL-BU DL-BU-1 1401-8308-Kit P50015
021-00313	Narrow Lock Rod Hardware Set: 2 Keepers, 2 Cams, 4 Half Bearing Guide Plates, 2 Half Bearing Rod Guides, 2 Guide Plates, Rod Guide, Handle, Handle Mount, Seal Plate, Seal Pin, Rivet	Hot-Dip Galvanized	MN-DL-NH
023-00968	Lock Rod Pipe, .105" wall	Galvanized	-

INDIVIDUAL COMPONENTS

#	P/N	DESCRIPTION	FINISH	CROSS REFERENCE
1	023-00956	Standard Top or Bottom Keeper, Single	Hot-Dip Galvanized	MN-1064, 10645
1	023-00973	Narrow Top or Bottom Keeper, Single	Hot-Dip Galvanized	MN-4140, 41405
2	023-00957	Standard Top or Bottom Cam, Left-Hand (for roadside bottom or curbside top)	Hot-Dip Galvanized	MN-4043, 40435
2	023-00958	Standard Top or Bottom Cam, Right-Hand (for curbside bottom or roadside top)	Hot-Dip Galvanized	MN-4044, 40445
2	023-00972	Narrow Top or Bottom Cam, Left-Hand (for roadside bottom or curbside top)	Hot-Dip Galvanized	MN-4142, 41415
2	023-00971	Narrow Top or Bottom Cam, Right-Hand (for curbside bottom or roadside top)	Hot-Dip Galvanized	MN-4141, 41425
3	023-00960	Top or Bottom Guide Plate, Single	Hot-Dip Galvanized	MN-4207, 42075
4	023-00959	Top or Bottom Half Bearing Guide Plate, Single	Black Plastic	MN-4042, 40421
5	023-00966	Half Bearing Rod Guide	Black Plastic	MN-4006, 40061
6	023-00961	Seal Pin	Hot-Dip Galvanized	MN-4012, 40125
7	023-00962	Handle	Hot-Dip Galvanized	MN-4090, 40905
8	023-00963	Handle Mount	Hot-Dip Galvanized	MN-4208, 42085
9	023-00964	Lock Handle Rivet	Hot-Dip Galvanized	MN-4049
10	023-00965	Seal Plate	Hot-Dip Galvanized	MN-4011, 40115
11	023-00967	Lock Rod Guide	Hot-Dip Galvanized	MN-4005, 40055

FASTENER HARDWARE

The following part numbers represent miscellaneous fasteners used throughout our product line. In most cases, the fasteners are included with the product. However, if you need a replacement fastener, please order from below.

Lock Washer

Hex Nut

Kep Nut

Rib Neck
Carriage Bolt

Elevator Bolt

Hex Bolt

Step Bolt

U-bolt

Clevis Pin

Cotter Pin

Rivet

P/N	DESCRIPTION	CROSS REFERENCE
991-00402-100	1/4"-20 x 1.25" Rib Neck Carriage Bolt (.56" head), Pack of 100	-
991-00609	5/16" Carriage Bolt, Single	W #2370
991-00700-100	1/4" -20 x 1.75" Elevator Bolt (1.00" head), Pack of 100	-
991-00085	1/4" Hex Bolt 1.75", Single	T #80105-416
991-00126	3/8" Hex Head Bolt, Single	T #89049, W #10-1073-2, 100100
991-00400-100	1/4" -20 x 1.25" Step Bolt (.75" head), Pack of 100	T #80015-1610, 120250
991-00401-100	1/4" -20 x 1.50" Step Bolt (.75" head), Pack of 100	T #80015-1610
991-00630-50	1/4" -20 x 3.00" Step Bolt (.75" head), Pack of 50	-
991-00631-50	1/4" -20 x 3.50" Step Bolt (.75" head), Pack of 50	-
991-00632-50	1/4" -20 x 4.50" Step Bolt (.75" head), Pack of 50	-
991-00506-50	1-3/4" Long U-Bolt, Pack of 50	W #70-5
992-00001-200	1/4"-20 Hex Nut, Pack of 200	T #80352-420, 120300
992-00005	5/16" Hex Nut, Single	-
992-00701	1/4"-20 Kep Nut, Stainless Steel, Single	T #80352
992-01100-200	1/4"-20 Kep Nut, Zinc, Pack of 200	-
992-01101	5/16" Flanged Lock Nut, Single	W #10-1063-1
994-00002-100	1/4" Clevis Pin, Zinc, Pack of 100	-
994-00105-100	Cotter Pin, Zinc, Pack of 100	-
994-00106	1/8"-2.5" Cotter Pin, Single	-
995-00111-400	1" Rivet, Zinc, Pack of 400	T #89210-0032, W #80841T, 111000
995-00112-400	1.12" Rivet, Zinc, Pack of 400	T #89210-0036, W #80842T, 111250
995-00113-400	1.25" Rivet, Zinc, Pack of 400	T #89210-0040, 112500, 111250
995-00114	1" Rivet, Stainless Steel, Single	T #89217-0032
995-00115	1.12" Rivet, Stainless Steel, Single	T #89217-0036
995-00116	1.25" Rivet, Stainless Steel, Single	T #89217-0040
993-00004	3/8" Washer, Single	T #80302, T #2436, 100010
993-00109	SAE Zinc Washer, Single	Miner #HW-1054-8x
993-00240-100	Spacer Washer, Pack of 100	T #80020, W #6, 140100
993-00703	5/16" Split Lock Washer, Single	-
993-00721	1/4" Lock Washer, Single	T #80322-225, W #10-1046-1, 120500
